**Checklist of required elements**

Successful technology plans align the overall education or library service improvement objectives with the following five criteria. To qualify as an approved technology plan for a Schools and Libraries Program discount, the plan must meet these criteria.

- x   The plan establishes clear goals and a realistic strategy for using telecommunications and information technology to improve education or library services.
- x   The plan has a professional development strategy to ensure that staff knows how to use these new technologies to improve education or library services.
- x   The plan includes an assessment of the telecommunication services, hardware, software, and other services that will be needed to improve education or library services.
- x   The plan provides a sufficient budget to acquire and support the non-discounted elements of the plan: the hardware, software, professional development and other services that will be needed to implement the strategy.
- x   The plan includes an evaluation process that enables the school or library to monitor progress toward the specified goals and make mid-course corrections in response to new developments and opportunities and they arise.
